

Year 3 – Spring Knowledge Organiser

Art: Elements of art

Heathfield Schools' Partnership

This skills based unit builds on knowledge and techniques learned in KS1 and from the Autumn term, while teaching children about how to use pencil to create tone, how to observe shapes in everyday things and using wire to create sculpture to create quality art work that shows progression in skills. The children will also have the opportunity to explore the work of different artists who show good examples of the skills taught. Sketchbooks will be used to collect and develop ideas. They will show a growing confidence to discuss thoughts and feelings about their own and other peoples art work.
